England, it is said, is not altogether satisfied with the Canadian management of the fisheries question—a report that finds support in the stoppage of these seizures and other unfriendly actions.

Dispatches coming from all the important wheat-growing counties of California indicate that the largest crop of grain that has ever been harvested in the state is now assured. Nothing can occur after this to seriously affect results. In most places the grain is ripe or nearly so; harvesting is in active progress, and in a few weeks the grain will be safely threshed and sacked.

President Depew, of the New York Central railroad, told a Chicago reporter that his company had never run a fast train to Chicago that paid. They lose money on every berth, every meal, every privilege they sold. But the public demanded fast trains, and Mr. Depew said he believed that faster trains would be run and the time between Chicago and New York reduced to sixteen hours.

Jacob Small of San Francisco has brought suit against his wife for maintenance. He alleges that she without cause drove him from home last January, will not allow him to return, and refuses him the common necessities of life. He says he has no separate property, is over 60 years of age and in feeble health, and unable to support himself, and that his wife has property worth \$70,000, of which \$20,000 is in coin.

A new law in New Jersey is aimed at the deceptive nursery agent. It provides that "any person selling fruit or fruit bushes, shall be guilty of a misdemeanor, and on conviction thereof shall be punished by a fine not exceeding one hundred dollars, or imprisonment in the county jail for a term not exceeding three months, or both, at the discretion of the court."

Campaign funds in the United States are small, compared with the contributions for campaigning purposes in England. Lord Rosse, having promised to duplicate the subscription of Baron Wolverton, was astonished when he found that the chilbliss millionaire had put himself down for £25,000; but he manfully and without a word subscribed a like amount. These two subscriptions alone add half a million dollars to Gladstone's campaign fund.

A correspondent of the National Druggist writes that during the illness of a member of his family with typhoid fever during the hot weather of last summer, very happy and beneficial results were produced in the sickroom by the introduction of tubs filled with ice. In this way the temperature was kept from 12 to 15 degrees lower than other parts of the house, and materially contributed to the patient's recovery. The average consumption of ice was less than 1,000 pounds a day.

Ex-President Arthur, according to a New York correspondent, is steadily losing ground and growing weaker day by day. Two causes led to the beginning of this present illness. These are indigestion and malaria. When he left the White House his system was full of malaria. Besides this, he had been a very free and high liver, and upon his return to New York the effects of this began to show themselves. When he entered the White House his weight was 228 pounds. This has been reduced to about 163 pounds.

According to report the Canadian authorities have revoked their previous order providing for the seizure of American fishing vessels for contravention of the treaty, and have substituted one warning such vessels to leave the Dominion ports within twenty-four hours. This change of policy is understood to have been made in deference to the wishes of the Imperial government, which is anxious for the maintenance by the Dominion of a conciliatory attitude, in the hope that a pacific settlement may be reached in the near future.

On the evening preceding the next birthday anniversary of this Yankee nation of ours there will be a grand banquet in London in favor of the federation of the British empire. Sir John A. Macdonald, prime minister of Canada, will preside. The prince of Wales, the earl of Dufferin, (vice regal representative in India, and one of the ablest statesmen of the empire), and the duke of Cambridge, commander-in-chief of her majesty's military forces, are enthusiastically in favor of the scheme, which in Canada is being used as a foil to the independent and annexation movements.

The senate has passed the bill to legalize the incorporation of any association of working people having two or more branches in the United States or territories of the United States, and whose objects are the aiding of its members to become more skillful and efficient workers, the promotion of their general intelligence, elevation of their character, regulation of their wages and hours and conditions of labor, protection of their individual rights in prosecution of their trade or trades, etc. This bill would make the Trades Unions corporations, with the powers of other corporations. They might assert their own rights by process of law, and undoubtedly they might be prosecuted as other corporations are prosecuted for the infringement of the rights of others. This law would make a great change in the standing of the labor orders.

The thirteen days of conference of church and correction will be held at St. Paul, July 15 to 21, 1888. The indications are that it will be a large and successful meeting, and that the resolutions passed will be ready for revolution. They have been that the expression of the forces has given the people power, and their political position will tend to unite the monarchial and imperial interests in a common hostility to the republic.

The Atlanta Constitution, noting the fact that very little headway has been made thus far in the efforts to prevent the overflow of the Mississippi River by levees, says that "it is evident that the river improvements of the future must be on a much larger and more costly scale than anything that has been attempted in the past, but it is now pretty well settled that the country at large does not propose to foot the bill."

The royal princes of France lately vanished from home, had taken their precautions against unforeseen events. The Duke de Chartres had secured a mortgage upon his property in Paris of \$50,000 francs. The count de Paris had borrowed 3,000,000 francs upon his land at En. The Duke d'Autun had raised 12,250,000 francs upon his bisland estates, and the amount, more than three millions of dollars, is supposed to be invested in England and the United States.

Fire insurance as carried on in some Swiss villages is an illustration of public spirited communities. The communal authorities, instead of treating insurance against fire as a concern for each householder's care, insure all the buildings, the church, houses, stables and sheds. The insurance of the entire village is not by one single policy and the cost is cheerfully met by a slight increase in local self-taxation. The plan is a useful form of socialism which might be feasible in small villages in this country, where the conditions are favorable. It is simply mutual insurance in another form, from that in general use.

The Southern papers refer with no small degree of satisfaction to the steady growth of Southern pine in favor at the North. For several years past it has been sent in schooners from Georgia to New York, where it is largely used in building, and it has begun to find its way even into the Northwestern states, hitherto the great lumber region of the country. The pine of the Northwest is white, which, though valuable for general building purposes, is inferior to the hard, resinous Southern pine for finishing work, flooring, fencing and decorating, and is inferior to it also in lasting qualities.

Apropos of the decision by the supreme court of the district of Columbia, that Indians are virtually foreigners, Senator Dawes, chairman of the committee on Indian affairs of the senate, was not surprised by the decision. He said our relations with the Indians are anomalous and ridiculous. When we let them they were the wards of the nation; when we made treaties with them they were foreign powers, and when we wanted their lands they were without rights, like the bears or buffaloes. The only way to settle the question was to pass a law dissolving tribal relations and declaring the Indians citizens of the United States.

Senator J. S. Morrill, of Vermont, whose late illness was feared, would terminate fatally, enjoys the distinction of having served for a long period in Congress without interruption than any man at present in either branch of our national legislature. His service in the House of Representatives began on December 3, 1855, nearly thirty-one years ago, and continued to March 3, 1867, when he entered the Senate, where he has remained ever since. His present term will expire on March 3, 1891. He has, therefore, been in Congress, without any break in the continuity of service, nearly thirty-nine years, with nearly five years of his term unexpired.

The total number of Presidential voters from the foundation of the government to the close of the Administration of President Arthur was 109, and in that number but one person was included. This one was a bill to pension Lewis Hinly, which President Grant vetoed on February 12, 1875, and of this veto message there appears to be on the files of the Senate no official record. The number of bills vetoed by the different Presidents was, as follows: By Washington 2, by Madison 6, by Monroe 1, by Jackson 12, by Tyler 9, by Polk 3, by Pierce 9, by Buchanan 4, by Lincoln 1, by Johnson 17, by Grant 29, by Hayes 12, by Arthur 1. The number of vetoes sent to Congress by President Cleveland to the night of June 23 is 44; of these 37 are vetoes of pension bills.

An American correspondent who has resided in Europe for more than a quarter of a century, thus sets forth the ultimate result of the present contest in Great Britain: Reason overridicule it, turn and twist it as they may, intelligent Englishmen cannot help seeing that a bill like that introduced by Mr. Gladstone and beaten in parliament, and now relegated to the people for their action, is the first step toward the federal British republic which will be one of the mighty powers of the future. Let "the name and dignity of De Vere stand so long as it pleases God;" but let not even the most loyal of conservatives nor the most hesitant of liberals flatter himself that the road on which the nation has entered leads elsewhere than to pure democracy, with all its institutions. A child stems the current of a mountain brook by a dam of mud and stones; he goes away proud of his work; but when he returns to gaze at it, it has been swept away; not a trace of it can be found anywhere. So will it be with the work of those who try to put back the march of progress in Great Britain.

Fred Boss and Mrs. Frank Wolff arrived at St. Paul in search of their respective wife and husband. In March last Mrs. Boss and Theodore Wolff eloped from St. Paul, having been living in St. Paul. A warrant was issued for their arrest on the charge of adultery, and officers soon detailed to serve the process. The warrant was served at the West Hotel, and Wolff at the Van Horven five stock establishment. Both were brought to public headquarters, and the trial was adjourned. Mrs. Boss is a very pretty woman, faintly painted, and thus happening at just the right moment to attract the notice of Mr. Gladstone, who had a talk with her, and took her back to Chicago, where his competitors were engaged in demoralizing rates to the upper Missouri.

The obituaries of David Davis occurred at Springfield, Ill. The services were arranged by the family in accord with the quiet, modest taste of the deceased. Never had he been more popular.

CONGRESS.

CHIVALRY, 1486-1886.

Senate.—The Senate passed over the president's veto, by a vote of 15 to 34, the bill for the relief of the settlers upon the lands of the Indians in the Northwest. "He nays were: Brown, Butler, Chapman, Edwards, Evans, Gray, Hampton, Hawley, Mather, Miller, Platt, Ransom, Steele, Vass, Whittier, and Wilson.

House.—Mr. Blaine submitted the committee report on the postoffice appropriation bill, and it was agreed to. The committee reported from the committee on postoffices that the postmaster general is authorized to postmark the general to contract for inland and foreign steamboat mail, and to contract for the delivery of mail in one route, where the postmaster office is not more than 200 miles distant from the domestic service, on the same terms as inland steamship mail. The bill also contains a clause from the amendment increasing by \$50,000 the appropriation for the railway mail car service, and from the foreign service.

Sixty-ninth.—Senator Edwards introduced a bill which, if it should become a law, will invest in the president the power of appointing a large number of officers, who now are appointed by the president with the advice and consent of the senate. Among these are: "Postmasters of all classes, collectors, assistant collectors, and other collectors of customs and certain ports and other collectors, all territorial officers except judges of the superior courts, all district attorneys, and all other officers of Indian agents and district land officers."

There was a singular scene in the senate a few days ago. Mr. Moore is opposed to his bill, and when the bill came up, Loring that the open executive session resolution was to be called up by Mr. Hoar, he sent a note to Mr. Moore, telling him that the finest orators in the senate, and asked if he would read his remarks, which had been prepared some months ago. Mr. Moore read his speech, and when Mr. Merrill's manuscript before him was delivered it with more energy and eloquence than usually in the course of the debate in the senate. This is believed to be the first time that a speech was ever delivered for an affirmative vote.

House.—The three reports of the committee which investigated the telephone scandal were presented, the Democratic report being accompanied by a resolution expressing the entire confidence of the other officials concerned. A joint resolution was adopted providing for the experiments of the government for ten days, this being the close of the study, civil war, consideration of the same.

Senate.—Mr. Sawyer presented the petition of the citizens of the 9th, of Fond du Lac, in favor of the opening of the canal. Mr. McDear presented a petition from F. M. Duer, secretary of a farmers' alliance representing 2,000 farmers of Wisconsin and Colorado, asking in favor of the same measure. Senator Wilson presented a letter from T. J. Denison of Marion, which was read in the senate, and the senate that the passage of the planking measure was an absolute necessity if the republican party was to carry out its platform.

Mr. Moore introduced the cause for its uniform delay in passing the appropriation bills, and said if congress could not bring itself to better fashion than this, his bill, which had been introduced, would stop by refusing to pass this joint resolution.

The resolution was amended extending the time of its consideration, and was then passed.

The senate resolved to consider the consideration of the legislative appropriation bills, after the discussion of the paragraph in the other, and to postpone the publication of the records of the rebellion was retained, but with provisions respecting the same, and to the contemporaneous events of the war, and direct the publication of the evidence in the Porter case and the trial of the rebels after the trial of the Habeas. This was reported to the Senate. Some amendments were agreed to and others left for further action.

House.—Mr. Payson presented reasons why the Des Moines River Land Bill should be passed over the president's veto, which he had sent back to the Senate, in consideration of the facts of the case, and the same was to be accomplished by the measure.

The vote on the passage of the bill, notwithstanding the opposition of the president, resulted—yeas, 161; nays, 93—not constituting a two-thirds vote.

The following Democrats voted in the affirmative:

Jess, Allen (Miss); Barber, Barry, Blunt, Burrows, Byrnes, Caldwell, Campbell, Clegg, Collier, Connelly, Crampton, Daniel, Dooley, Edridge, Fisher, Frederick, Geddes, Hatch, Hony, Hubbard, Lawler, Lester, Linton, Lupton, Lutbury, Mills, Morgan, Neill, Nease, Sayers, Skinner, Stewart, Tracy, Stone, Mr. Tamm, Tamm, Tamm, J. Tamm, Tillman, Townsend, Van Est, Warner (Ohio), Weaver, (Iowa), Willbourn, Whiting, Wiss, Wofford and Wofford.

The Republicans voting in the negative were: Barnes, Johnson, Kettahan, Miller, Moore, and Sawyer. The same measure went into committee of the whole. (Mr. Reagan in the chair) on the sundry civil appropriation bill.

Senate.—The consideration of the legislative appropriation bill was concluded, and the bill was passed. The amendments increasing the compensation of the commissioners of pensions from \$4,000 to \$5,000 were rejected—yeas, 25; nays, 10. The amendment agreed to without a division. The like amendment as to the commissioners of pensions was agreed to, and the bill was passed.

House.—A senate bill passed for an additional supreme court justice in Montana. HOME AND COUNTY NEWS.

It's

Terribly

Hot weather.

The glorious 4th is over.

Now settle down to "us."

Farmers are nearly over haying.

The Rye harvest has commenced.

New potatoes are in market in limited quantities.

Raspberries are in the market, the season being nearly over.

Our office was closed on the 5th our boys attending the celebration at Shakopee.

Fred Degen, Anton Manns and Frank & Johnny Scherzen, were in town over the 4th.

Read the add. of Peter Bros., which appears in this issue. It's important.

An immense crowd of people were in Chaska attending the celebration on Sunday. The crowd numbering at least 4,000 people.

Co. Attn, Odell and Sheriff Duit, attended the inquest on the body of Fred Moy, on July 1st. It was a sad affair in every respect.

George Goetze, son of Chris Goetze of Carver is the new station agent at Carver at the H. & D. Depot. We congratulate.

Capt. Muelhberg and son Alceo of Carver, were in town Tuesday, and made us a short but pleasant call.

Mrs. Sophia Goodrich and Miss Hoffman, of Beaver Falls, Minn., came down to spend the 4th with Mrs. Elmarantrat.

Fritz Moy, the Waconia suicide was well known in Chaska. He was an old pioneer settler, and had many friends throughout the country.

John Lenards of Carver, buried a bright little son, 7 years of age on Friday. His Chaska friends extend to him their heartfelt sympathy in his affliction.

The Carver County Homeopathic Society will meet on Sunday, July 11, at Henry Sieben's place, in Benton. All members are requested to be present.

Christ Bowot of Dahlberg, has just finished a very commodious brick farm residence. We are pleased to note this evidence of prosperity on the part of our farmer friends.

Major Ames, Col. M. W. Glenn and Lt. Col. Hill of Minneapolis Police force, were the guests of W. D. Rosbakh on the 4th. The Major is the same jolly Dr. of old.

J. J. Rossier, of Little Falls, Minn., was in town Saturday, and made our office a short call. There must be some powerful attraction in Chaska that fetches him down here so often. What is it.

John Humpf has been quite sick with erysipelas in the arm. The town authorities have had him properly taken care of, and we are pleased to learn that he is improving.

Major Ames & Col. Glenn, the two old "war horses" of Minneapolis democracy, were the center of attraction at the River Picnic Park on the 4th. They are a genial couple and most companionable of men.

A. G. Anderson, the "old store keeper" of Carver, and one of the prominent citizens of this town, left for Europe, a week ago Saturday, and will be gone several months. Andrew has the best wishes of a host of friends for a pleasant journey, and safe return.

George Wiest, has been engaged by Nicolia & Snail of Jordan, as foreman of their brick yard. George is an expert at the business and if he don't turn out as good brick as are made in the State, it is because the material is lacking in quality. Success George.

Adam Moebecker was presented by his good wife, with a bouncing 12lb. son on the 4th of July, and Adam, thinking it his duty, patriotically celebrated the event by furnishing his friends a liberal quantity of Haymen and fresh lag-er. We congratulate Adam.

Abbie Zahler, daughter of Eugene Zahler of Laketown, was quite seriously cut about the face and her clothing badly torn by getting into a barbed wire fence on Coney Island while attending the Catholic school Picnic on Monday. It seems to us, that a fence of this kind has no business on a place used to entertain pleasure parties.

E. ALDRED, Pound Master.

Stray Jingles.

A span of stray jingles came in to my enclosure, Sec 7, Chanhassen on June 4th 1856. The owner is requested to come forward prove property, pay charges and take same away.

E. ALDRED, Pound Master.

Engrave Zahler of Laketown, was quite seriously cut about the face and her clothing badly torn by getting into a barbed wire fence on Coney Island while attending the Catholic school Picnic on Monday. It seems to us, that a fence of this kind has no business on a place used to entertain pleasure parties.

E. ALDRED, Pound Master.

This brewery has been enlarged and new machinery added to the establishment making it one of the best inland breweries of the state. All orders for beer promptly filled and satisfaction guaranteed.

Give us a trial.

We stated last week that Brinkhans dog had bitten Mr. Eisele in the hand. We were not informed of the circumstances then. It seems that the two dogs were fighting together, and Mr. Eisele in trying to part them was bitten in the hand, by one or the other of the dogs, he does not know which.

The population of Chaska is rapidly augmenting, the families of W. C. Odell and M. H. Muyres, having been increased by the addition of handsome girl babies to each. This being the first girl baby that we have been called upon to note in M. Family. We extend our congratulations to both families.

The Exciseor's *Minister*, contains the following article relative to a well known citizen of Young America, viz:

N. J. Bray, who has so efficiently discharged the duties of teacher in the Granite school for our village schools for the past year, has been engaged for the year to come. Mr. Bray is spending his vacation with his parents at Norway.

Dr. J. G. Newell will be at Fahl's Hotel Norwood 23-27 and 29th. Gas used for painless extracting of teeth. Call early and make your appointments as much as possible.

Feed Mill.

HOME AND COUNTY NEWS.

Pic-nics and Balls are over until
After Harvest.

Clothing now at half price at
Eder Bro's.

The hot weather of last week
damaged wheat considerably.

Machine oils at rock bottom
prices at the new drug store.

About one half of our population
visited one or the other of the numer-
ous lakes in this vicinity on Sun-
day.

There was a special term of the
District Court on Monday. Notice
regarding same published
elsewhere.

Mr. Philip Henk, has just finish-
ed a fine frame barn, stone foundation,
on his lower Chanhausen farm.
Mr. Enger was the builder.

Chinch bugs are very destructive in
Washington and parts of Dako-
ta Counties. Whole fields are des-
troyed in different localities.

For the best St. Louis and Min-
neapolis paints call at Frankens
Drug store.

Philip Meyer & wife, and Capt.
Remington and Miss Kohler, of
Waconia, were in town on pleasure
and business combined on Tuesday.

Frank Smith, Chanhausen, is
building a fine frame residence on
his farm on the north side of Will-
manns Lake. The foundation is
completed.

For the best and cheapest ma-
chine oils call at

Frankens.

Frank Samuels, of Monticello,
Iowa, was in town over the 4th,
with his wife, and children visiting his
fathere-in-law, Wecknold, and
a pleasant visit.

The wheat harvest will com-
mence next week, many farmers in
Cluska and Chanhausen commencing
on Monday. The yield promises
fair, the average being placed
at 15 to 18 bushels per acre.

Corn is looking excellent and
promises a large yield.

A party of gay young folks, ladies
and gents, filled Finnegan's big
band wagon on Monday, and put
in the day on the banks of Lake
Minnetonka.

The Hose company desire to ex-
press their thank to the ladies of
Waconia who so kindly assisted in
making jackets to be used by the
members at dress parade.

Mr. Jonh Koch, Chanhausen has
been all owed a Father's pension \$12
per month. This is just and we
hope he will live many years to en-
joy the same.

Mr and Mrs Xavier Ohnsorg's
married daughter, who resided at
St Paul buried her husband last
week. She is now at her parents
residence in this village.

Geo. A. DuToit, Joseph Franken
and W. D. Rosbach, visited the
dual cities on Tuesday—and contray
to the prediction of their friends
turned home the same day.

Chas. Miller offers his house and
lot, situated near the Court House,
Waconia, for sale. The building is
a good one, and can be purchased
reasonable. Call on him for par-
ticulars.

The Pacific Resort, is enjoying a
desert boom. The restaurant
department is turning day board
to some twenty five or thirty Rail-
road men and travelers. They
speak highly of the table.

Mr Lindner advertises his Coney
Island for sale. This is just the
place for an active young man who
wishes to make a "mint of money." It
is the best place on the Island,
and can be purchased reasonable.

The children of the Catholic
school, are enjoying a several
months vacation. Our streets are
now full of children from morning
until night. They seem to be en-
joying themselves hugely.

The barley harvest has com-
menced. Mr. Leonard Van Sloan of
Chanhausen cut his last week.
His field is good, being sown early.
Late sown fields will only yield a
half crop and poor at that.

Joseph Schindler has built a large
frame extension to his barn, with
stone basement, on his farm in
Laketon, two miles from Waconia
on the creek road. Mr. Olof Han-
son of Carver, was the builder.

We committed to mention in our
last issue, that Jerry Ehmken, slip-
ped and fell down on the side walk
on the 3d of July, and fractured
his arm. He is rapidly improving
however, and we hope to soon see
him about as usual.

Farm For Sale.

The John S. Fisher farm 1 and 1/2 miles south
of Waconia Village on Waconia and Belte
roads is offered for sale. Farm con-
sists of 100 acres, 100 ft. front on Belte
road, 100 ft. front on Waconia road, balance of 10

The Shakopee Courier, last issue,
compliments the boys of the
Chaska Hose company on their
fine appearance on Monday's parade
also the Cornet Band, and the torch
boys. This will stimulate the boys
for future occasions of like char-
acter.

Senator Peck and Atty. South-
water, Shakopee, S. Kipp, Hen-
derson, F. Cadwell, LeSueur, E.
Lewis, Waseca, and Geo. Robinson
Minneapolis, were the attorneys in
addition to our own bar, that were
in attendance at the special term
of court on Monday.

One of the pleasant features of
the Brinkhaus Pic-nic on the 4th
was the old "two wheeled pioneer
ox cart" driven by Messrs. Rederle
and Lahr. It carried the old pio-
neers back to the years 1855, 1856,
and 1857. Three round cheers greet-
ed its advent.

Dr. Bowers has fitted up an
elegant office over the new drug
store of W. Baldwin & Co., and
Dr. Small has moved into Dr. Bowers'
or Shillocks former office, over
Henks' tinware shop, next door to
the Bank. Both Drs. would be
pleased to have their friends call
in and see them.

Our Cornet Band disbanded by
mutual consent on last Friday
evening; several members wished
to retire, and this mode was thought
best. An equitable division of
assets were made. A new band im-
mediately re-organized just as
strong and with as much musical
talent as the old one.

John Sheperd and John Ballard,
two tramps were arrested on the
7th, of July for removing packing
from box of R. R. cars at the
Minneapolis depot. They were
brought before Justice Myres,
who gave them 10 days each in the
county jail, and sheriff DuToit is
now boarding them at the County
expense.

The Harvest.

The barley harvest is nearly over
in this section of the County, and
the yield will hardly be an average
one.

The wheat harvest will com-
mence next week, many farmers in
Cluska and Chanhausen commencing
on Monday. The yield promises
fair, the average being placed
at 15 to 18 bushels per acre.

Corn is looking excellent and
promises a large yield.

A Big Purchase.

We have just learned that the
farm of John Rademacher contain-
ing 95 acres, situated on Smith
town Bay Lake Minnetonka, liv-
ing in Carver County, was sold on
Saturday for \$8000, to a syndicate of
Chaska men, consisting of Geo. A.
DuToit, Geo. Faber, F. Linenfels
and Fred Greiner Jr.

This is considered one of the
choicer pieces of property on the
Lake, and there is nearly one half
mile of Lake shore, with many beau-
tiful buildings overlooking the water.
The "Motor Line extension" have run two lines through
the place and no doubt a depot will
be put up there. The well known
energy of the gentlemen who now
own this property is a sufficient
guarantee that this end of the Lake
will soon "boom." The price paid is
considered a very reasonable one
and they are fortunate in securing
it.

House and Lot For Sale.

A span of estray mules came in
to me elsewhere the card of Mr. Lindner, the genial
"mine host" of "Lindner's Tivoli,"
the most delightful spot on Coney
Island. The Tivoli is a perfect
"gem," just the spot you wish to
find to rest yourself these "hot
days," and he has the best of every-
thing in the way of refreshments
and cigars. Call and see him when
at the Lake.

Dr. Bowers.

Dr. Bowers has a professional
card in this issue of the HERALD.
The Dr. is rapidly extending his
practice, and we cheerfully com-
mend him to the confidence of our
citizens.

Died.

At the home of his parents in
Laketon, on Friday, July 8th,
1886, Barney, son of Julian Wolff,
aged 12 years of Diphtheria.

This is the second time we have
had occasion to record a death in
Mr. Wolff family within a year,
and both deaths by the same
dread disease, diphtheria. This
time it takes one of his strong
sons, the pride of the family
and in a few short days carries
him into the great hereafter.

Words are but mockery, yet is all
the consolation we can offer
the griefstricken family, reminding
them that we must all go the same
way, and that he is out of this
world's troubles.

THE new Democratic County

Committee had a conference at Wac-

onia on Tuesday. We learn that an

early County Convention was

decided upon.

The Sheriff of the State met in

annual Convention in St Paul, on

Thursday and after a business meet-

ing enjoyed an excursion on Lake

Minnetonka. We were unable to

be present.

THE editors met in convention in

St Paul that Thursday, and held a

very profitable session. Several

important papers were read by

practical members of the craft.

After the business meeting the edi-

tors took an excursion up the St.

Croix.

CAPT. McGill, the able State

Commissioner of Insurance, is mak-

ing rapid strides towards the re-

publican nomination for Governor.

The Capt., is a genial gentle-
man, and his friends scattered all over

the State, who will willingly put

their shoulders to the wheel, to help

him "get there." He would

honor the position.

Some of our exchanges have sug-

gested Judge McDonald for Con-

gress from this District. The

Judge is an able man, and quite

popular in this Judicial district.

But we think his present position

preferable to that of Congressman,

and think we will hesitate before

accepting an uncertainty, as this

District is republican.

The assignment of S. E. Hart & Co.

of Minneapolis, nipped one or two

of our Merchants a little but not

enough to hurt.

August Zacharies our popular

Miller consummated two impor-

tant bargains during last week.

First he leased A. C. Lassons inter-

est in the mill for five years, and

will immediately put in two extra

sets of rollers and otherwise improve

the property so as to keep pace with

their rapidly increasing business.

Secondly on last Wednesday morn-

ing in the Lutheran church he took

unto himself a wife, the fair Mena

Grimm, one of Waconia's best farmers.

In both of these events all Waconia,

and vicinity join in wishing him

nothing but good.

Our school meeting was well at-

tended on Saturday evening and

everything passed off harmoniously.

Matt Kugler was declared elected

although not according to law, Mr.

Lasson said "that is the way it

always did it" and so every one let

it pass. It was the moderators busi-

ness to declare the election. Mr.

Lasson was elected last year the

same way. "Might does not make

right."

District School Matters.

The school board of this district,

met last Friday evening, for the

purpose of selecting teachers for

the public school for the ensuing

year. The only contention was on

principal, to which Prof. E. A.

Taylor was elected on third ballot.

The following were then elected as

Assistants, Miss Con E. DuToit,

Mrs E. L. Stoughton, and Miss

Emily Krayenbuhl. Miss Hart-

mann will also be employed to give

lessons in German every afternoon

during the school term. The

wages paid are the same as last

year.

The annual school meeting on

Saturday brought together about

40 persons, after reading and ac-

cepting the report of the clerk, the

following school officers were elec-

tured without opposition, Peter Ilits

and G. Krayenbuhl, the latter as

clerk, having held the same position

for the past 20 years.

HOME AND COUNTY NEWS.

Oh!

How dull.

Farmers are busy harvesting.

Business is at a stand still.

Chinch bugs are doing considerable damage in our fields.

Mr. Henk, put the new tin roof on Simons new building.

Dull times with printers—noting to do.

Local items are scarce this week, so excuse us for lack of news.

New potatoes are selling for 50 cents per bushel.

The alluring circus steers clear of Chaska this year, for which let us be thankful.

Farmers should commence cutting their grain early, even if not ripe and get ahead of the "bugs."

Leonard Grates has about finished plastering Mr. Simons new building. It is said to be a No 1 job.

D. H. Sexton of Hollywood was first assessor to make his returns to the County Auditor this year.

Hon. H. R. Denny and A. L. Stog, two prominent citizens of our neighboring village of Carver were in Chaska on Wednesday.

M. H. Muyres is putting in gutters on several new farm residences in Dahlberg, Henry Lenzen among the lot.

Farmers should cut their wheat green, and thus get ahead of the chinch bug. Don't let them fool you.

The County Board of Equalization is in session this week. They have a good hard job before them, and it will keep them here all week.

Some of our farmers have already plowed their barley land. Good early plowing is worth money to the farmer.

Farmers the best place to buy your harvest liquors is at Frankens Drug store. The price and quality will suit you all.

Dr. Eli Small has received the appointment of examining surgeon of the Hartford Life & Annuity Insurance Company, for this vicinity.

Lev Moesler is eng. and repairing the Sister's residence adjoining the school House, and is doing a fine job.

Mathias Legelin's little girl had her elbow joint dislocated by a fall. Dr. Small reduced the same, and she is "OK" again.

A couple of new Probate notices appear in this issue of the HERALD, to which we call the attention of the public.

Jacob Kern, the genial "mine host" at Victoria cross roads, left for a visit to Milwaukee yesterday, intending to take in the big Sangerfest at the same time.

Ed. Rudolph will leave for Sibley County, to repair the Elevators belonging to Holmes & Co. This is the line of Elevators of which Fred P. Sengers is superintendent.

Dr. J. G. Newell, Dentist will be at Chaska July 3d and 31st. Office with Dr. Small, formerly Dr. Shillcock office near Heunks Hardware store.

Our machine men have been kept busy sending out and setting up farm machinery the past two weeks. The demand for Binders has also been greater than expected.

Mrs. E. L. Stonghton, has our thanks for a mess of splendid table corn, the best we have seen this season, and the first to grace our table.

Fred Greiner, our genial Register of Deeds, has built an addition to his dwelling, which gives him much more elbow room. G. & Ed. Rudolph, were the builders, the guarantee of a good job.

The lady members of the Catholic Choir, and a number of lady friends, and two or three young men as escorts formed a happy party to Lake Minnetonka on Friday. They report a splendid time.

Eugene Vreyens, is doing the painting on the new brick building of Mr. Abrahams of Chanhassen, and after that will paint the Lake Minnetonka on Friday. They report a splendid time.

The corn crop promises to be the best for years. It is already heading out, and the plant is strong and vigorous.

The drought in June had its effect on the potato crop, and it will not be as heavy as last year.

Chinch bugs have made their appearance in different parts of Chanhassen, Chaska and Carver, but the damage thus far is light.

Destructive Fire.

The Watertown correspondent of the Delano Eagle, contains the following account of the burning down of the dwelling of our friend Seraphine Kempf, of that township, viz:

In the last issue of the Carver Free Press, the call for the County prohibition convention, was placed right under and next to the add of Peter Iltis "Pure Whiskey." Whether the two had a "rough and tumble" or it together we are unable to say.

The County Board will meet in regular session on Monday, July 26. As that will be in the very height of harvest it is probable that we will not remain in session more than a couple of days. Long enough however to draw a jury for the September term of Court.

Fred Hecklin, the old ex-sheriff, and his son, Hugo, have purchased the stock of liquors of Bierline Bro's, saloon, and will run that establishment hereafter. They are courteous gentlemen and will undoubtedly build up a nice business, as they will keep only No 1 goods. Call and see.

S. Kempf and Henry Foice of Watertown township, and Tom Kohmann, of St Bonifacius, were in town on Sunday looking for brick, for a new dwelling for Mr. Kempf. Mr. Kohmann, is a first class brick mason and plasterer, and we are pleased to learn that he has all the work on hand that he can possibly do this season.

The brick work of August Hoffmann, situated on Walnut street opposite and a little south of Fabers store was discovered on fire on Monday night at about 1 o'clock a.m.

At the time the fire department reached the scene of the fire, the rear addition to the building was enveloped in flames and the inside and roof of the main building was also on fire, and it looked as if the building had to go, but within five minutes after the boys had reached the cistern, they had two streams playing on the fire and it was extinguished within ten minutes afterwards. The building is quite badly damaged with water. The household furniture was mostly saved, except what was in the kitchen or rear addition and in one bedroom up stairs. The building was insured for \$300, and the furniture for \$150, which will fully cover the loss. The fire started in the kitchen, just how is unknown, as there was no fire in the stove during the evening.

St. Hubert Church.

The members of St. Hubert parish Chanhassen, held a sort of local fair, on Saturday, July 17th, for the purpose of raising money to purchase a statue of St. Hubert for that church. The two managers and collectors of the affair were Dennis Kerber and Bob Mergens. At the close of the entertainment Mr. Kerber was credited with having collected \$120.43, and Bob Mergens with \$118.65, showing that both had done their level best.

Dennis coming out a little, for which he was awarded a fine painting, a choice work of art, and Mr. Mergens was also remembered by also being awarded a choice chromo.

Married.

The many friends of Hon. Jonas P. Atkins of Watertown, will be pleased to learn that he was happily married at Watertown two weeks ago, to an estimable young lady, and his many friends join us in wishing both a happy married life.

Decided.

Judge MacDonald has rendered a decision in the Monnens vs Monnens case, tried at the special term of Court in this village July 12th, in which he enters an order debarring her from any lower right in Monnens real estate on account of wilful desertion on her part.

White Goods.

We are informed by competent judges that George Karcher, lessor of the Waconia Brewery is turning out an extra quality of Beer, equal in every respect to any made in this County, and that he is already taxed to the utmost to keep up with the demand.

Farmers wishing beer for harvest can order from him direct and are assured of a good article.

Farm Notes.

The barley harvest is over, and is an average yield, and was secured in good condition—without rain.

Oats is being harvested and is said

to be a fair crop, the straw not being quite as heavy as last season.

The wheat harvest has become general in this County this week, and the yield will average nearly or quite 18 bushels per acre, and the quality will be good.

The corn crop promises to be the best for years. It is already heading out, and the plant is strong and vigorous.

The drought in June had its effect on the potato crop, and it will not be as heavy as last year.

Chinch bugs have made their appearance in different parts of Chanhassen, Chaska and Carver, but the damage thus far is light.

Destructive Fire.

The Watertown correspondent of the Delano Eagle, contains the following account of the burning down of the dwelling of our friend Seraphine Kempf, of that township, viz:

In the last issue of the Carver Free Press, the call for the County prohibition convention, was placed right under and next to the add of Peter Iltis "Pure Whiskey." Whether the two had a "rough and tumble" or it together we are unable to say.

The corn crop promises to be the best for years. It is already heading out, and the plant is strong and vigorous.

THE Boston Pilot, speaking of our
legislators, says: "Congress has
done nothing, and the president has
vetoed it."

H. E. Hoard, the able editor of
the Montevideo Leader, is favorably
mentioned for State Senator by
the papers of that senatorial
district. We hope to see him elected.

After harvest, we expect county
politics will take a "tak" and bring
to the surface the aspiring office
seekers. The people should have a
little chance to "groom" the different
candidates and test their qualities,
otherwise they may have to go it "blind."

There is a considerable quiet
work being done by the Congressional
candidates in this district; Herbert,
Denny and Reed, being the
three leading candidates. Not
being in the confidence of either of
the candidates, we are unable to
say which one holds the "check
rein" and is able to call time on the
others.

The Hon. Albert Scheffer, has
withdrawn from the canvass for
the republican nomination for Governor.
This leaves the field to Gilman,
McGill and Gibbs, a trio of "G's". From the present outlook,
we believe that McGill will enter
the convention with the most positive
strength, but a "dark horse" is
not altogether improbable.

George J. Day, Banker of Worthington, Minn., was nominated as
the Prohibition candidate for Congress
in the second district, at the
district convention which was held at
Mankato, last Tuesday.

Mr. Day is well known in Carver
and Chaska, having been Depot
agent at the Minneapolis Depot,
Carver in the year 1870. His
chances of election are very slim,
however.

The supreme court has made a
decision completely re-established
the law of notice of 1877 which was
presumably repealed by the law of
1881. It is now held that not only in
the case of tax certificates held
by private persons, but those held
by the State, ninety days notice of
the expiration of the time of re-
demption must be personally given
to the owner to ensure a forfeiture
of the property.

The Glencoe Register, issue of
July 15th, contains an indecent
attack upon President Cleveland;
yet we understand that the editor
of that sheet, Liberty Hall, is
a candidate for State Senator, and
must necessarily return upon democratic
votes to elect him, as the
County is democratic. Can Senator
Vohner, A. P. Fitch and Elish
Child stand idly by, and see this
unfortunate hand?

C. G. Halgren received quite a
severe injury on his right hand
which will probably result in the
loss of two fingers. While starting
a binder, the horses became
frightened and in the attempt to
reach the reins his fingers caught
in one of the gearings which crushed
them badly. Our doctor being
out of the city, Dr. Catlin of Delano
was called and is now treating
the unfortunate hand.

Rumored Death.

The last issue of the Gaylord
Hub, has the following item re-
lative to Henry Voss, well known
to the people of Young America,
viz:

We learn with regret this week
that Henry Voss, formerly proprietor
of the Union Hotel at this place
was stricken in the stone quarry
at Mankato last week and died from
the effects of it. We could not

Died.

Gertrude Hammers, daughter of
Henry and Virginia Hammers, of
this town, died on Saturday evening,
July 24th, 1886, of Bright's Disease,
aged 7 years.

It is sad to have to record the
death of one so young, but yet it
must be; notwithstanding little
Gertie had the best of medical at-
tention, and all that fond parents
could do to keep her with them, but
it was ordained otherwise. The
funeral took place from the Catholic
Church, Monday, and was largely
attended. The bereaved parents
have the sympathy of a large circle
of friends in their affliction.

CHASKA, MINNESOTA

The failure of William Hill & Son, of Springville, Iowa, closed fifteen creameries and deprives the farmers of a revenue which amounted last year to \$200,000.

The term "insolvent," as used in the Minnesota insolvent law, applies in the case of a merchant or trader to inability to pay his debts in the ordinary course of business, and not merely to an inability to pay his debts when his affairs shall be ultimately wound up. So held up by the supreme court of Minnesota in the case of Daniels vs. Palmer et al.

Opposite Corrientes, Paraguay, is the grand Chaco, or forest. This is the most extensive forest in South America. It commences 150 miles above Rosario and extends to the Amazon basin, 1,500 miles. It is three-cornered, 200 miles wide at the south and 1,000 miles wide at the northeast. It is quite evenly divided between Argentina, Paraguay, Bolivia and Brazil.

More than two million silver dollars a month must be coined according to the law. The secretary of the treasury is required "to purchase from time to time, silver bullion, at the market price thereof, not less than two million dollars' worth per month, nor more than four million dollars' worth per month, and cause the same to be coined monthly, as fast as so purchased, into such dollars," namely coins of 412 1/2 grains each.

John G. Saxe, the poet, says that Boston Traveller, sees no visitors and rarely leaves his room. Longfellow, Emerson and other of the writers of his day lived to a ripe age and died in the midst of their work, but Saxe still lives on the age of 70, though dead to the world, dead to literature and dead to the thousands of friends whose hearts yearn to comfort and cheer the man whose genius and wit have lightened so many homes as, in his declining years, he nears the evening sunset.

The steel rail manufacturers of the country find such an improved demand for their wares that they have agreed to increase the stipulated production so as to bring the total for the year up to 1,100,000 tons. This will be larger output than that of any previous year. The production of 1882, when railroad building had reached its highest point, was 1,304,392 tons. Since that time, up to the present year, the annual output has been steadily decreasing. The improvement in the iron industry also has been unexpected, greatly since the strikes in the building trades ended.

Prof. E. Stone Wiggins, the weather prophet, insists that the great storm he predicted for this fall will be on hand. He says he does not anticipate any further great change in the weather until fall. "September," he says, "will open cool and stormy, premonitory to a great storm, commencing on the afternoon of September 20, and the great war of the elements will come as sure as the sun is in the heavens. It will be a storm of unparalleled violence, and after sweeping across the Atlantic and traversing the country will exhaust its energies upon the rugged front offered by the Rocky Mountains."

Mr. John M. Langston, President of the Virginia Normal School, at Petersburg, and Republican Minister to Hayti, says that he has made an extensive tour of the South within the past few weeks, and that he is gratified to note the good feeling which subsists between the white and colored people. He was especially struck with this good feeling in Alabama and Kentucky, where, he says, the cause of colored education is making fine headway, and where the ablest and most prominent white men are showing their interest and approbation by a personal participation in the cause.

The Pennsylvania railroad has been quietly making some experiments to ascertain whether it would pay for a big railroad company to remember the Sabbath day. A good many excursion trains and some regular passenger trains have been discontinued. All freight trains except those carrying live stock and perishable goods have been ordered off from 8 o'clock Saturday night till midnight Sunday, and all repairing work on Sunday will be stopped. To make the opportunity still further beneficial, freight engineers are allowed the use of their locomotives to take themselves home for the day. The results have proved so satisfactory that the directors are now arranging to make these experimental changes permanent and to extend them.

Under a new law, enacted in 1885, the tax authorities of Pennsylvania are giving all energy to increasing the assessments on money at interest. In Philadelphia the returns of money at interest assessed to individuals have been increased 48 per cent. or from \$86,000,000 in 1885 to \$128,000,000 for the current year. It is urged by the Philadelphia Record that large as is the above return for Philadelphia, the true figures, if obtained, would be \$100,000,000 greater. It is estimated that the increase in the whole state will amount to \$200,000,000. Vast amounts of property of this description in all the states escape taxation, owing to the laxity of laws and inefficiency of assessors. Vermont was the first state to correct the evil and others are now following in the same direction.

Chanhassen Fair.

Mr. Editor.—In Justice to Mr. Mergens and his friends, I would like to correct an error which appeared in your issue of last week in regard to our local church fair. Instead of Mr. Kerber having collected \$120.43, he only collected \$113.43, and Mr. Mergens had \$118.65, leaving \$5.22 in favor of Mr. Mergens, but Mr. Kerber was bound to have the painting and rather than have trouble Mr. Mergens gave in, and let him have the painting by paying \$6.00 after the voting closed; so Dennis carried off the picture, but by no means the honor of being the most popular man.
